# Contents

No. 1 (February 1988)

PAGE

Special Article. Griffiths, P. D. and Grundy, J. E. The status of CMV as a human pathogen . . . . . 1

Hood, A. M., Pearson, A. D. and Shahamat, M. The extent of surface contamination of retailed chickens with *Campylobacter jejuni* serogroups . . . . . 17

Shanker, S., Lee, A. and Sorrell, T. C. Experimental colonization of broiler chicks with *Campylobacter jejuni* . . . . . 27

Yule, B. F., Macleod, A. F., Sharp, J. C. M. and Forbes, G. I. Costing of a hospital-based outbreak of poultry-borne salmonellosis . . . . . 35

Humphrey, T. J. and Lanning, D. G. The vertical transmission of salmonellas and formic acid treatment of chicken feed. A possible strategy for control . . . 43

Picard, B. and Goullet, Ph. Correlation between electrophoretic types $B_1$ and $B_2$ of carboxylesterase B and host-dependent factors in *Escherichia coli* specticaemia . 51

Heard, S. R., Wren, B., Barnett, M. J., Thomas, J. M. and Tabaqchali, S. *Clostridium difficile* infection in patients with haematological malignant disease . 63

Shears, P., Suliman, G. and Hart, C. A. Occurrence of multiple antibiotic resistance and R plasmids in Enterobacteriaceae isolated from children in the Sudan . . 73

Hallas, G. The use of SDS-polyacrylamide gel electrophoresis in epidemiological studies of *Corynebacterium diphtheriae* . . . . . 83

Barrett, S. P. Bacterial adhesion to intravenous cannulae: influence of implantation in the rabbit and of enzyme treatments . . . . . 91

Coombs, R. R. A., Easter, G., Matejtschuk, P. and Wreghitt, T. G. Red-cell IgM-antibody capture assay for the detection of *Mycoplasma pneumoniae*-specific IgM 101

McLean, A. R. and Anderson, R. M. Measles in developing countries. Part I. Epidemiological parameters and patterns . . . . . 111

Sadir, A. M., Schudel, A. A., Laporte, O., Braun, M. and Margni, R. A. Response to foot-and-mouth disease vaccines in newborn calves. Influence of age, colostral antibodies and adjuvants . . . . . 135

Morgan-Capner, P., Hudson, P. and Armstrong, A. Hepatitis B markers in Lancashire police officers . . . . . 145

Brindle, R. J., Eglin, R. P., Parsons, A. J., Hill, A. V. S. and Selkon, J. B. HTLV-1, HIV-1, hepatitis B and hepatitis delta in the Pacific and South-East Asia: a serological survey . . . . . 153

Tillett, H. E., Galbraith, N. S., Overton, S. E. and Porter, K. Routine surveillance data on AIDS and HIV infections in the UK: a description of the data available and their use for short-term planning . . . . . 157

Acknowledgement

No. 2 (April 1988)

Special Article. Humphrey, T. J., Mead, G. C. and Rowe, B. Poultry meat as a source of human salmonellosis in England and Wales . . . . . 175

Tullus K., Källenius, G. and Möllby, R. Faecal colonization and P-fimbriated *Escherichia coli* between 0 and 18 months of age . . . . . 185

Howard, Á. J., Dunkin, K. T. and Millar, G. W. Nasopharyngeal carriage and antibiotic resistance of *Haemophilus influenzae* in healthy children . . . 193

Payne, R. A., Joynson, D. H. M. and Wilsmore, A. J. Enzyme-linked immunosorbent assays for the measurement of specific antibodies in experimentally induced ovine toxoplasmosis . . . . . 205

Hampson, D. J., Fu, Z. F., Bettleheim, K. A. and Wilson, M. W. Managemental influences on the selective proliferation of two strains of haemolytic *Escherichia coli* in weaned pigs . . . . . 213

Singh, G., Sharma, N. C., Jayasheela, M. and Saxena, S. N. A study of the epidemiology of *Salmonella bareilly* in India using a new phage-typing system . 221

Mølbak, K., Højlyng, N. and Gaarslev, K. High prevalence of campylobacter excretors among Liberian children related to environmental conditions . . 227

Bahaman, A. R., Ibrahim, A. L., Stallman, N. D. and Tinniswood, R. D. The bacteriological prevalence of leptospiral infection in cattle and buffaloes in West Malaysia . . . . . 239

Hinton, M. Salmonella infection in chicks following the consumption of artificially contaminated feed . . . . . 247

Gaworzewska, E. and Colman, G. Changes in the pattern of infection caused by *Streptococcus pyogenes* . . . . . 257

Grimmond, R. A microbial culture system for use in remote field environments . . 271

Tauxe, R. V., Holmberg, S. C., Dodin, A., Wells, J. V. and Blake, P. A. Epidemic cholera in Mali: high mortality and multiple routes of transmission in a famine area . . . . . 279

Yamane, N. and Uemura, H. Serological examination of IgE- and IgG-specific antibodies to egg protein during influenza virus immunization . . . . . 291

Nakajima, S., Takeuchi, Y. and Nakajima, K. Location on the evolutionary tree of influenza H3 haemagglutinin genes of Japanese strains isolated during 1985–6 season . . . . . 301

Donelli, G., Ruggeri, F. M., Tinari, A., Marziano, M. L., Menichella, D., Caione, D., Concato, C., Rocchi, G. and Vella, S. A three-year diagnostic and epidemiological study on viral infantile diarrhoea in Rome . . . . . 311

No. 3 (June 1988)

Special Article. Baxby, D. Human poxvirus infection after the eradication of smallpox . . . . . 321

Blaskett, A. C. and Cox, J. C. Immunogenicity of specific *Bordetella pertussis* surface antigens in diphtheria-tetanus-pertussis (DTP) vaccines . . . . . 335

ABECK, D., JOHNSON, A. P., ALEXANDER, F. E., KORTING, H. C. and TAYLOR-ROBINSON, D. Plasmid content and protein I serovar of non-penicillinase-producing gonococci isolated in Munich . . . . . 345

JOSEPH, P. G., SIVANANDAN, S. P. and HAM THONG YEE. Animal salmonella surveillance in Peninsular Malaysia, 1981–1985 . . . . . 351

WILKINS, E. G. L. and ROBERTS, C. Extraintenstinal salmonellosis . . . . . 361

GREENWOOD, M. H., GILL, P., COETZEE, E. F. C., FORD, B. M., HOOPER, W. L., MATTHEWS, S. C. W. and PATRICK, S. An appraisal of methods used in the examination of retail samples of cows milk . . . . . 369

KAKOYIANNIS, C. K., WINTER, P. J. and MARSHALL, R. B. The relationship between intestinal *Campylobacter* species isolated from animals and humans as described by BRENDA . . . . . 379

ARAJ, G. F., BROWN, G. M., HAJ, M. M. and MADHVAN, N. V. Assessment of Brucellosis Card test in screening patients for brucellosis . . . . . 389

SMITH, G. R., TURNER, A. and TILL, D. Factors affecting the toxicity of rotting carcasses containing *Clostridium botulinum* type E . . . . . 399

VAN SAENE, J. J. M., VAN SAENE, H. K. F., TARKO-SMIT, N. J. PH. and BEUKEVELD, G. J. J. Enterobacteriaceae suppression by three different oral doses of polymyxin E in human volunteers . . . . . 407

MCLEAN, A. R. and ANDERSON, R. M. Measles in developing countries. Part II. The predicted impact of mass vaccination . . . . . 419

THOMAS, H. I. J. and MORGAN-CAPNER, P. Specific IgG subclass antibody in rubella virus infections . . . . . 443

DALE, G. E., COLEMAN, R. M., BEST, J. M., BENETATO, B. B. B., DREW, N. C., CHINN, S., PAPACOSTA, A. O. and NAHMIAS, A. J. Class-specific herpes simplex virus antibodies in sera and cervical secretions from patients with cervical neoplasia: a multi-group comparison. . . . . 455

ADES, A. E., GARRETT, A. J., COWELL, J., CHIN, K. S. and PECKMAN, C. S. Computer matching of oligonucleotide patterns on electrophoretic gels: an application to the epidemiology of cytomegalovirus . . . . . 467

MINAMOTO, N., OKI, K., TOMITA, M., KINJO, T. and SUZUKI, Y. Isolation and characterization of rotavirus from feral pigeon in mammalian cell cultures . . 481
